

I am deeply concerned about Sinclair's demand that their television companies preempt what they were originally going to show, and instead show propaganda aimed at harming John Kerry in his bid for president.

Sinclair is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for their own pocket books and less of what we need for our democracy. It seems obvious to me that a great injustice is about to happen and I am asking the FCC to set in and stop Sinclair.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
